BETH DONNER DESIGNS AND FRANK G. RELF, ARCHITECT, P.C. CREATE NEW LOOK FOR HUNTINGTON'S TUTTO PAZZO

Tutto Pazzo at Huntington Harbor represents the outstanding achievements of designer Beth Donner and architect Frank G. Relf. The restaurant's interior captures the true feeling of an upscale "Tuscan bistro." The property where the restaurant is located experienced a massive fire in July of 2005, severely damaging more than 75 percent of the original structure. The fire was devastating but the restaurant's undaunted owners, Luigi and Joe Petrone; remained committed to rebuilding. Today, the brothers are pleased with their new restaurant and acknowledge Beth Donner for creating the warm atmosphere within the 8,000 square foot Tutto Pazzo Ristorante Italiano at 84 New York Avenue, Huntington, New York.

"Beth and Frank incorporated everything we needed to make Tutto Pazzo our new home. The façade and the interior design truly capture the look and feel Joe and I wanted to achieve," said Luigi Petrone.

Beth Donner envisioned the restaurant's Italian cuisine and quality ingredients as an important part of the design theme. She accomplished this by highlighting the open kitchen and by using brightly lit glass food display cases. The friendly entranceway guides patron past the open kitchen and into an impressive and luxurious Tuscan style candlelit bar and lounge. The bar itself features hundreds of candles and the luxurious lounge possesses an intimate atmosphere perfect for pre-dinner cocktails or after dinner drinks.

"After the fire, I worked closely with Luigi and Joe to develop a plan for the interior that would achieve their goals. Frank and I, kept the owners' desired themes and objectives in mind as we set forth to develop the plans. We are delighted that the restaurant captures the character and ambiance of a traditional Tuscan bistro," remarked Beth Donner.

Beth Donner's interior design incorporates an impressive coffered ceiling, creative use of rich mahogany wood tones, exquisite carpeting and a substantial stone fireplace. Patrons can enjoy dining in Tutto Pazzo's spacious booths that have built-in flat-screen televisions. Taking advantage of windows, the dining area offers delightful garden views. The restaurant's design also features an outdoor garden dining area with its own waterfall. The private party room's soft color scheme and a sepia toned mural were designed to be the perfect backdrop for special occasions.

"It is satisfying to see Tutto Pazzo open and growing in popularity. We are pleased that we were able to bring our skills and creativity to this project and help to make Luigi and Joe Petrone's vision a reality. This is a remarkable establishment that we are certain will be successful for many years to come," added Beth Donner.
